In Ground Sockets

The council certified Platinum umbrella has a little something more to dress up your area. It is large in size and wind rated to over 110kph.

Fabricated with Awnet's patented heavy duty Interlocking Frame the Platinum umbrella is finished off with a stainless steel pole.

Available with a Vinyl or Acrylic Canvas cover the Platinum umbrella is available in a wide range of fabric colours and can be custom printed with your own unique branding.

For further information visit the Awnet website or contact Awnet directly for ordering.
